

ALMANET

will host the

**14th INTERNATIONAL SYMPOSIUM
ON THE DESULFURIZATION OF
HOT METAL AND STEEL**

In Athens, September 14- 17, 2016

Partner:

ThyssenKrupp
Industrial Solutions

PROGRAM

As of May 2016

Wednesday, September 14, 2016

Individual arrival in Athens

From 3:00 p.m. Registration for the conference at Royal Olympic Hotel Athens

From 7:00 p.m. "Get together" at Royal Olympic Hotel

Thursday, September 15, 2016

9:00 a.m. Symposium opening

Switching from Carbide to Lime in Hot Metal Pre-treatment – Tata Steel experience

Sudhansu Pathak, TATA Steel, India

Primetals Technologies – Solution for Steelmaking from the Market Leader

Jens Kluge, Primetals Linz, Austria

10:30 – 11:00 a.m. Coffee break

Refractory Solutions for the Desulphurization of Hot Metal and Steel
Kumar Subramaniam, Alfred Kremer, GSB group, Germany

Graphite Electrodes and Carburizers for the Steel Industry
Gernot Macher, Almamet GmbH, Austria

Thermal processing of desulfurization slags
Karl Pilz, Voestalpine Stahl GmbH, Austria

12:30 – 2:00 p.m. Lunch

Economic Desulphurization of Hot Metal by Revamping and Process Optimization

Lutz Kaiser, Thyssen Krupp Industrial Solutions, Germany

Innovating the AMC Refractory Products for the Pig Iron Area with the Introduction of Antioxidants

Roberto Prudente, Roberto Peri, Sanac, Italy

3:30 -4:00 p.m. Coffee break

Transitioning Desulphurization Reagent from CaC₂ to Lime Carrier in South Africa

Steven N. Biljan, Almamet GmbH, Canada

Possibilities of Desulphurization in the New Secondary Metallurgy in the LD3 Steel Plant in Linz

Andreas Gantner, Voestalpine Stahl GmbH, Austria

Evening program – to be announced during the day

Friday, September 16, 2016

9:00 a.m. ***Hot Metal Ladle Lining Configuration for efficient Desulphurization***
Andreas Viertauer, RHI AG, Austria

Development of China's Iron and Steel Industry in twenty Years and Optimization of Magnesium Metal Application in Steel Production
Eddy Chu, Deng Wenyong, Almamet GmbH, China

10:30 – 11:00 a.m. Coffee break

Efficiency Improvements with Lime-Magnesium- Blends
Peter Karner, Voestalpine Donawitz, Gernot Macher, Almamet GmbH, Austria

Using of Mg cored wire in foundry and steel industry
Boris Huna, Almamet GmbH , Germany

Dephosphorization reagent for hot metal treatment
Robert Moger, Dunafer, Boris Huna, Almamet GmbH, Germany

12:30 p.m. Lunch

Afternoon program followed by dining and entertainment in the evening – details to be announced on site

Saturday, September 17, 2016

Individual departure

Conference hotel and accommodation:

Royal Olympic Athens

28-34 Athanasiou Diakou Street

117 43, Athens, GREECE

Tel.: +30 210 92 88 400

Email: info@royalolympic.com

Homepage: <http://www.royalolympic.com/>

Please send your filled out **registration form until July 15, 2016** to:

Verena Reiter, ALMAMET GmbH, Gewerbestrasse 5a, D-83404 Ainring

reiter@almamet.com; Fax: +49 8654 5605

Conference languages: English, Russian
